

CITY OF WESTWOOD HILLS

(First published in Johnson County Herald Wednesday June 15, 1977)

ORDINANCE NO. 106

AN ORDINANCE AMENDING ORDINANCE NO. 82 OF THE CITY OF WESTWOOD HILLS, KANSAS, TO PROVIDE FOR REVISION OF THE RATES AND CHARGES IN THE TRAFFIC SIGNAL CONTRACT BETWEEN KANSAS CITY POWER & LIGHT COMPANY AND THE CITY OF WESTWOOD HILLS, KANSAS

WHEREAS, Kansas City Power & Light Company (the "Company") is a corporation duly created, organized, and existing by virtue of the laws of the State of Missouri and qualified to do business in the State of Kansas as a foreign corporation for the purpose of generating, transmitting and distributing electric energy, has filed its written acceptance of the provisions of Ordinance No. 82 the terms of which constitute a contract between the Company and the City of Westwood Hills, Kansas (the "City"); and

WHEREAS, the Company and the City, pursuant to the provisions of Section 5, Article VII, of Ordinance No. 82 agree that a revision of the rates and charges set forth in the Contract is reasonable and proper;

NOW, THEREFORE, be it ordained by the Governing Body of the City of Westwood Hills, that its Contract with the Company be amended and revised as follows:

Section 1. Article III of Ordinance No. 82 of the City is hereby repealed and the following substituted in lieu thereof:

**ARTICLE III
Purchase of Energy**

The City shall purchase and receive from the Company and the Company shall sell and deliver to the City all of the electric energy required for the operation of the Traffic Control System (the charge therefor being included in the rates and charges set forth in the Company's Rate Schedule 2-TR for Municipal Traffic Control Signal Service or in accordance with any superseding schedule therefor as may thereafter be in effect and on file with the State Regulatory Commission from time to time during the term hereof), and the Company will provide this service in a manner consistent with applicable existing law concerning public utility service.

Section 2. Section 1 of Article VI of Ordinance No. 82 of the City is hereby repealed and the following substituted in lieu thereof:

Section 1. Traffic control systems or equipment, in addition to the systems or equipment in operation on the effective date of this Ordinance, may be authorized from time to time by written order of a legally authorized officer of the City, and the Company shall institute action to provide for the installation of such systems or equipment at designated locations upon receipt of a written order therefor from the City signed by a legally authorized officer of said City; provided, however, that the Company shall not be required to make such installation unless it shall, within thirty (30) days from and after the receipt of said written order, file with the City Clerk of said City its written acceptance thereof. Upon said acceptance being filed, such additional traffic control systems or equipment shall be subject to the terms and conditions of this Ordinance. In the event of the failure of said Company to file such acceptance within the time specified in this section, such order shall ipso facto cease and become null and void. The City agrees to accept and pay for such additional traffic control systems or equipment so ordered by it at the same rates as are set out in the Company's Rate Schedule 2-TR for Municipal Traffic Control Signal Service or in accordance with any superseding schedule therefor as may thereafter be in effect and on file with the State Regulatory Commission from time to time during the term hereof.

Section 3. Section 2 of Article VI of Ordinance No. 82 of the City is hereby repealed and the following substituted in lieu thereof:

Section 2. The City, by written order of a legally authorized officer of the City, may require the Company to change any Individual Control intersection to a coordinated intersection, in which case the rate specified in the Company's Rate Schedule 2-TR for Municipal Traffic Control Signal Service or in accordance with any superseding schedule therefor as may thereafter be in effect and on file with the State Regulatory Commission from time to time during the term hereof shall apply from and after the date of completion of the change.

Section 4. Article VII of Ordinance No. 82 of the City is hereby repealed and the following substituted in lieu thereof:

**ARTICLE VII
Rates and Charges**

Section 1. The City shall pay the Company for Traffic Control Signal Service furnished by the Company hereunder at the rates and charges as provided for in the Company's Rate Schedule 2-TR for Municipal Traffic Control Signal Service or in accordance with any superseding schedule therefor as may thereafter be in effect and on file with the State Regulatory Commission from time to time during the term hereof.

Section 2. "Exhibit A," attached hereto and made a part hereof, is a list of traffic control locations existing and/or authorized as of the effective date of this Ordinance.

Section 5. Article VIII and IX of Ordinance No. 82 of the City are hereby repealed.

Section 6. Except as expressly modified herein, Ordinance No. 82 of the City shall continue in full force and effect and is hereby ratified and affirmed.

Section 7. This amending Ordinance shall take effect and be in force from and after its passage and publication as provided by law and upon acceptance in writing by the Company within thirty (30) days from and after publication, and shall remain in full force and effect for a term ending May 18, 1982.

PASSED AND APPROVED THIS 2 day of May, 1977.

PROOF OF PUBLICATION

CITY OF WESTWOOD HILLS

(First published in Johnson County Herald Wednesday, June 15, 1977)

ORDINANCE NO. 106

AN ORDINANCE AMENDING ORDINANCE NO. 82 OF THE CITY OF WESTWOOD HILLS, KANSAS, TO PROVIDE FOR REVISION OF THE RATES AND CHARGES IN THE TRAFFIC SIGNAL CONTRACT BETWEEN KANSAS CITY POWER & LIGHT COMPANY AND THE CITY OF WESTWOOD HILLS, KANSAS

WHEREAS, Kansas City Power & Light Company (the "Company"), a corporation duly created, organized, and existing by virtue of the laws of the State of Missouri and qualified to do business in the State of Kansas as a foreign corporation for the purpose of generating, transmitting and distributing electric energy, has filed its written acceptance of the provisions of Ordinance No. 82 the terms of which constitute a contract between the Company and the City of Westwood Hills, Kansas (the "City"); and

WHEREAS, the Company and the City, pursuant to the provisions of Section 5, Article VII, of Ordinance No. 82 agree that a revision of the rates and charges set forth in the Contract is reasonable and proper;

NOW, THEREFORE, be it ordained by the Governing Body of the City of Westwood Hills, that its Contract with the Company be amended and revised as follows:

Section 1. Article III of Ordinance No. 82 of the City is hereby repealed and the following substituted in lieu thereof:

ARTICLE III

Purchase of Energy

The City shall purchase and receive from the Company and the Company shall sell and deliver to the City all of the electric energy required for the operation of the Traffic Control System (the charge therefor being included in the rates and charges set forth in the Company's Rate Schedule 2-TR for Municipal Traffic Control Signal Service or in accordance with any superseding schedule therefor as may thereafter be in effect and on file with the State Regulatory Commission from time to time during the term hereof), and the Company will provide this service in a manner consistent with applicable existing law concerning public utility service.

Section 2. Section 1 of Article VI of Ordinance No. 82 of the City is hereby repealed and the following substituted in lieu thereof:

Section 1. Traffic control systems or equipment, in addition to the systems or equipment in operation on the effective date of this Ordinance, may be authorized from time to time by written order of a legally authorized officer of the City, and the Company shall institute action to provide for the installation of such systems or equipment at designated locations upon receipt of a written order therefor from the City signed by a legally authorized officer of said City; provided, however, that the Company shall not be required to make such installation unless it shall, within thirty (30) days from and after the receipt of said written order, file with the City Clerk of said City its written acceptance thereof. Upon said acceptance being filed, such additional traffic control systems or equipment shall be subject to the terms and conditions of this Ordinance. In the event of the failure of said Company to file such acceptance within the time specified in this section, such order shall ipso facto cease and become null and void. The City agrees to accept and pay for such additional traffic control systems or equipment so ordered by it at the same rates as are set out in the Company's Rate Schedule 2-TR for Municipal Traffic Control Signal Service or in accordance with any superseding schedule therefor as may thereafter be in effect and on file with the State Regulatory Commission from time to time during the term hereof.

Section 3. Section 2 of Article VI of Ordinance No. 82 of the City is hereby repealed and the following substituted in lieu thereof:

Section 2. The City, by written order of a legally authorized officer of the City, may require the Company to change any individual control intersection to a coordinated intersection, in which case the rate specified in the Company's Rate Schedule 2-TR for Municipal Traffic Control Signal Service or in accordance with any superseding schedule therefor as may thereafter be in effect and on file with the State Regulatory Commission from time to time during the term hereof shall apply from and after the date of completion of the change.

Section 4. Article VII of Ordinance No. 82 of the City is hereby repealed and the following substituted in lieu thereof:

ARTICLE VII

Rates and Charges

Section 1. The City shall pay the Company for Traffic Control Signal Service furnished by the Company hereunder at the rates and charges as provided for in the Company's Rate Schedule 2-TR for Municipal Traffic Control Signal Service or in accordance with any superseding schedule therefor as may thereafter be in effect and on file with the State Regulatory Commission from time to time during the term hereof.

Section 2. "Exhibit A," attached hereto and made a part hereof, is a list of traffic control locations existing and/or authorized as of the effective date of this Ordinance.

Section 5. Article VIII and IX of Ordinance No. 82 of the City are hereby repealed.

Section 6. Except as expressly modified herein, Ordinance No. 82 of the City shall continue in full force and effect and is hereby ratified and affirmed.

Section 7. This amending Ordinance shall take effect and be in force from and after its passage and publication as provided by law and upon acceptance in writing by the Company within thirty (30) days from and after publication, and shall remain in full force and effect for a term ending May 18, 1982.

LEGAL NOTICES

WESTWOOD HILLS

(First Published in Johnson County Herald
Wednesday April 15, 1970)

ORDINANCE NO. 80

AN ORDINANCE GRANTING KANSAS CITY POWER & LIGHT COMPANY, ITS GRANTEES, SUCCESSORS AND ASSIGNS, THE RIGHT AND FRANCHISE TO CONSTRUCT AND MAINTAIN ALL WORKS AND PLANTS NECESSARY OR PROPER FOR SUPPLYING CONSUMERS WITH ELECTRIC OR OTHER ENERGY, GRANTING TO SAID COMPANY THE RIGHT TO USE THE STREETS, ALLEYS AND ALL OTHER PUBLIC PLACES, PROVIDING FOR COMPENSATION FROM SUCH COMPANY FOR SAID RIGHT OF AND RELATING TO SUCH FRANCHISE AND REPEALING INCONSISTENT ORDINANCES OR PARTS THEREOF

WHEREAS, Kansas City Power & Light Company (herein called the Company) is a corporation duly organized and existing under and by virtue of the laws of the State of Missouri, and admitted to do business under the laws of the State of Kansas as a foreign corporation for the purpose of generating and distributing electric energy; and

WHEREAS, the Company is operating a system for the transmission of electric current between two or more incorporated cities in the State of Kansas and has heretofore built, or proposes to build, its transmission lines into or through the City of Westwood Hills, Kansas; and

WHEREAS, the parties hereto desire that the Company furnish electric energy to consumers in said City;

NOW, THEREFORE, BE IT ORDAINED BY THE GOVERNING BODY OF THE CITY OF WESTWOOD HILLS, KANSAS:

SECTION I. In consideration of the benefits to be derived by the City and the inhabitants thereof from the construction, operation and maintenance of an electric light and power system and the supplying of electric energy to the Public, there is hereby granted to the Company and to its successors and assigns, for the term of twenty (20) years from the effective date hereof, a franchise and authority to construct, operate and maintain within the existing and any future corporate limits and plants for carrying on a power and light business and all other operations connected therewith or incident thereto for the purpose of supplying the City and outlying areas with electric or other energy in such forms as may be reasonably required for domestic, commercial, industrial, municipal and other purposes and to produce and supply such energy by manufacture, generation, purchase or otherwise, and to transmit and distribute same by means of underground or overhead lines or otherwise, and for any or all of said purposes it is authorized to (i) construct conduits or other underground facilities for the installation and protection of its underground wire and cables, (ii) place poles, lamp posts, gables and anchors for its overhead wires, cables and street lights on all streets, alleys, avenues, bridges, parks, parking and other existing and any future public places or thoroughfares, (iii) construct, erect and maintain all buildings, machinery and attachments of any and every kind for any and all of said purposes, and (iv) enter upon any and all of said public places within the corporate limits of the City as they now exist or may hereafter be opened, widened, extended, laid out and established, including any other territory hereafter added thereto or coming under the City's jurisdiction, and to trim trees upon and overhanging such places and make such excavations thereon as may be appropriate for the construction, repair and renewal of the Company's overhead and underground facilities and plants.

SECTION II. Any pavements, sidewalks or curbing taken up or any and all excavations made shall be done under the supervision and direction of the governing body of said City under all necessary permits issued for the work, and shall be made and done in such manner as to give the least inconvenience to the inhabitants of the City and the public generally, and pavements, sidewalks, curbing and excavations shall be replaced and repaired in as good condition as before with all convenient speed, by and at the expense of the Company.

SECTION III. The Company shall at all times during the term of this franchise supply to consumers of electric energy, residing in said City, such electric energy as they may require, and shall extend and construct its lines and services in accordance with legal requirements, and rules and regulations as filed from time to time with the State Corporation Commission of Kansas. Nothing contained herein shall be construed as a guarantee upon the part of the Company to furnish uninterrupted service, and interruptions due to Acts of God, fire, strikes, civil or military authority, orders of court and other causes reasonably beyond the control of the Company are specifically exempted from the terms of this Section.

SECTION IV. All poles and wires shall be erected in accordance with the rules and regulations of the State Corporation Commission of Kansas as set out in Docket No. 1944 and any amendments thereto. All poles carrying said wires shall be placed in such manner as to interfere with and obstruct as little as reasonably possible, the ordinary use of the streets, alleys, lanes and highways of said City, and shall not interfere with any gas main, water main or sewer now laid out or constructed in or under said streets, alleys, lanes and highways of said City.

SECTION V. The Company shall, at all times, in the construction, maintenance, and operation of its electric transmission, distribution and street lighting system, use all reasonable and proper precaution to avoid damage or injury to persons or property, and shall hold and save harmless said City from any and all damage, injury and expense caused by the sole negligence of the Company, its successors and assigns.

SECTION VI. As further consideration for the rights, privileges and franchise hereby granted, and in lieu of all rental, license or occupation taxes, the grantee shall on or before the 30th day of June and the 31st day of December of each year in which this franchise is effective, pay to the City five per cent (5%) of its gross receipts charged and collected from the sale of electric energy used within the present or future boundaries of said City for domestic, commer-

cial and industrial consumption for the six (6) months' period ending at the last meter reading preceding May 31 and November 30, respectively. Such payment shall be made to the City in cash until any credit (existing on the effective date of this franchise ordinance) accumulated pursuant to Section VI of City Ordinance, No. 78 is depleted by Company billings for street lighting and traffic signal service for said City; and upon such depletion or if no such credit exists on the effective date of this franchise ordinance, such payment shall be made by subtracting from the amount determined to be applicable for the (6) months' period in accordance with the first and last sentences of this Section (the "Gross Receipts Amount Due") the amount due the Company from the City for street lighting and traffic signal service billed for the applicable, said six (6) months period (the "SLTS Billings Amount") and by paying the remainder, if any, in cash to the City. If in any applicable said six months' period the SLTS Billings Amount exceeds the Gross Receipts Amount Due, the Company shall for such excess bill the City and the City shall pay the same in cash to the Company. The term "gross receipts", as applied to the sales of electricity for domestic, commercial, or industrial purposes as used in this Section shall not include (1) the electrical energy sold to the United States or the State of Kansas or to any agency or political subdivision thereof, (2) the electrical energy sold for other use which can not be classified as domestic, commercial, or industrial, such as the electrical energy used by public utilities, telephone, telegraph, and radio communication companies, railroads, pipe line companies, educational institutions not operating for profit, churches and charitable institutions and (3) the electrical energy sold for resale.

SECTION VII. All provisions of this ordinance shall be binding upon and inure to the benefit of the Company, its grantees and its successors and assigns.

SECTION VIII. All ordinances and parts of ordinances in conflict herewith are hereby repealed as of the effective date of this ordinance.

SECTION IX. This ordinance is made under and in conformity with the laws of the State of Kansas, and shall take effect and be in force as therein provided.

PASSED and APPROVED this 6th day of April, 1970.

which was filed April 13, 1979

(Territory to which schedule is applicable)

No supplement or separate understanding shall modify the tariff as shown hereon.

Sheet 1 of 9 Sheets

MUNICIPAL TRAFFIC CONTROL SIGNAL SERVICE
Schedule 2-TR

AVAILABILITY:

Available for traffic control signal service through a Company-owned Traffic Control System within corporate limits of a municipality.

TERM OF CONTRACT:

Contracts under this schedule shall be for a period of not less than ten years from the effective date thereof.

RATE: Basic Installations.

(1) Individual Control. This basic installation consists of four mounted 3-light signal units all with 8-inch lenses, and is operated by its own controller (having no more than fourteen signal circuits), which is activated by a synchronous motor. The monthly rate for this basic installation is \$84.56.

(2) Suspension Control.

(a) 4-Way, 3-Light Signal Unit. This basic installation consists of four 3-light signal units all with 8-inch lenses mounted by pipe fittings with the entire assembly suspended from an overhead messenger or from a mast arm with a minimum clearance distance of 15 feet above the roadway. The installation is operated by its own controller, which is activated by a synchronous motor. The monthly rate for this basic installation is \$40.32. The suspension system for this signal unit is provided for under Supplemental Equipment, Mast Arm, Wood Pole Suspension or Steel Pole Suspension. Supplemental 3-light signal units may be added to this basic installation only if they are hung on the same suspension system as the initial units. If pole mounted units are requested, this basic installation shall be considered changed to an Individual Control with its concomitant rate and the suspension equipment shall be considered supplemental equipment with its concomitant rates.

RATE: Basic Installations. (continued)

(3) Flasher Control.

(a) 1-Way, 1-Light Signal Unit. This basic installation consists of one 1-light signal unit with an 8-inch lens mounted on an existing post, with the traffic signal lamp flashing alternately "on" and "off" 24 hours per day. The monthly rate for this basic installation is \$19.97.

(b) 4-Way, 1-Light Signal Unit - Suspension. This basic installation consists of four 1-light signal units all with 8-inch lenses mounted by pipe fittings with the entire assembly suspended from an overhead messenger or from a mast arm with a minimum clearance distance of 15 feet above the roadway. The installation is operated by an individual flashing contactor which is activated by a synchronous motor. The monthly rate for this basic installation is \$25.50. The suspension system for this signal unit is provided for under Supplemental Equipment, Mast Arm, Wood Pole Suspension or Steel Pole Suspension.

(c) 3-Way, 1-Light Signal Unit - Suspension. This basic installation consists of three 1-light signal units all with 8-inch lenses mounted by pipe fittings with the entire assembly suspended from an overhead messenger or from a mast arm with a minimum clearance distance of 15 feet above the roadway. The installation is operated by an individual flashing contactor which is activated by a synchronous motor. The monthly rate for this basic installation is \$20.25. The suspension system for this signal unit is provided for under Supplemental Equipment, Mast Arm, Wood Pole Suspension or Steel Pole Suspension.

(4) Pedestrian Push Button Control. This basic installation consists of two 3-light signal units for vehicular control, two 2-light signal units for pedestrian control all with 8-inch lenses, a pair of push buttons for pedestrian actuation, a controller, and a flashing device. The monthly rate for this basic installation is \$71.34.

MUNICIPAL TRAFFIC CONTROL SIGNAL SERVICE
Schedule 2-TR

RATE: Basic Installations. (continued)

- (5) Coordinated Multi-Dial Control. This basic installation is available only if capacity is available in existing facilities as determined by the Company and consists of an Individual Control installation, controlled by either a 2-dial or a 3-dial controller. The timing of the controller is coordinated with another controlled intersection by means of interconnecting cable. The monthly rate for this basic installation is \$123.72 including an extension of no more than 600 feet of interconnecting coordinating cable from the nearest coordinated intersection with which such intersection is to be coordinated (measured in a straight line from the centers of the two intersections). That portion of an extension in excess of 600 feet of interconnecting coordinating cable is provided for at the rate for Supplemental Equipment, Excess Coordinating Cable. If a coordinated intersection is installed between two existing coordinated intersections on an existing interconnecting coordinating cable supplying such two intersections, any charge for Excess Coordinating Cable shall be recalculated to reflect the newly-created distances between the intersections involved.
- (6) Multi-Phase Electronic Control. This basic installation consists of an electronic controller (Eagle Moduvac type or equal) complete with cabinet, power supply and load relays; additional equipment as required, and all necessary interconnecting cables. The monthly rate for this basic installation determined on an individual intersection basis is as follows:

Lenexa, Kansas	
79th & Quivira	\$258.86
87th & Quivira	\$384.43
Merriam, Kansas	
50 Hwy & Antioch	\$221.64

MUNICIPAL TRAFFIC CONTROL SIGNAL SERVICE
Schedule 2-TR

RATE: Basic Installations. (Continued)

(6) Multi-Phase Electronic Control. (Continued)

If a customer shall request the installation of a different Multi-Phase Electronic Control at an intersection listed above other than the installation to which the above special rate is applicable or the installation of a Multi-Phase Electronic Control at an intersection not listed above, the monthly rate therefor shall be agreed upon in writing by the Company and the customer, subject to any requisite State Regulatory Commission approval.

RATE: Supplemental Equipment.

- (1) Multi-Dial Controller. This supplemental equipment consists of a 2-dial or 3-dial controller with automatic switching equipment used on any basic installation. The monthly rate for this supplemental equipment is \$8.76.
- (2) Excess Coordinating Cable. This supplemental equipment consists of the interconnecting coordinating cable in excess of 600 feet per intersection necessary to connect one or more coordinated intersections within the Traffic Control System. The monthly rate for this supplemental equipment installed under sod is \$0.06 per foot.
- (3) 3-Light Signal Unit. This supplemental equipment consists of one 3-light signal unit with 8-inch lenses installed at any controlled intersection where the 3-light signal unit can be connected to the existing control cable and controller at such intersection. The monthly rate for this supplemental equipment is \$12.31. This supplemental equipment can be used with the basic 4-Way 3-Light Suspension Control Signal Unit only if the signal units are hung on the same suspension system as the initial units.
- (4) 2-Light Signal Unit. This supplemental equipment consists of one 2-light signal unit with 8-inch lenses installed at any controlled intersection where the 2-light signal unit can be connected to the existing control cable and controller at such intersection. The 2-light signal unit may have one lens worded "Walk" and the other lens worded "Wait", if specified by the customer. The monthly rate for this supplemental equipment is \$11.88.

MUNICIPAL TRAFFIC CONTROL SIGNAL SERVICE Schedule 2-TR

RATE: Supplemental Equipment. (Continued)

- (5) 1-Light-Signal-Unit. This supplemental equipment consists of one 1-light signal with an 8-inch lens installed as an addition to an existing signal unit at any controlled intersection where the 1-light signal unit can be connected to the existing control cable and controller at such intersection. The monthly rate for this supplemental equipment is \$3.89.
(6) Push Buttons, Pair. This supplemental equipment consists of a pair of push buttons for pedestrian actuation which may be installed as pedestrian actuation devices at a basic Individual Control installation where Treadle Detectors or Loop Detectors are used or as additional stations at a basic Pedestrian Push Button Control installation and which can be connected to the existing control cable and controller at such installation and operated by the existing controller at such installation by the addition of necessary cams and relays. The monthly rate for this supplemental equipment is \$1.59.
(7) 12-Inch Round Lens. This supplemental equipment consists of a 12-inch diameter round lens and one 116-watt traffic signal type lamp which are substituted for an 8-inch lens and one 69-watt lamp. The monthly rate for this supplemental equipment is \$3.09.
(8) 9-Inch Square Lens. This supplemental equipment consists of a 9-inch square lens and one 116-watt traffic signal type lamp which are substituted for an 8-inch lens and one 69-watt lamp. The monthly rate for this supplemental equipment is \$3.46.
(9) Directional Louvre. This supplemental equipment consists of one special 8-inch or 12-inch directional louvre visor which is substituted for one standard visor. The monthly rate for this supplemental equipment is \$0.73.

Schedule 2-TR

RATE: Supplemental Equipment. (Continued)

(10) Vehicle - Actuation Units.

(a) Treadle Detector.* This supplemental equipment consists of one pressure sensitive treadle detector installed in the pavement so that the pressure of passing vehicles operates the controller at the intersection. A treadle detector may be 6 feet or 8 feet in length and of the directional or non-directional type. The monthly rate for this supplemental equipment is \$14.52.

(b) Loop Detector.

(i) Single. This supplemental equipment consists of one loop detector and one loop installed in the pavement so that vehicles passing over the loop operate the controller at the intersection. The monthly rate for this supplemental equipment is \$14.75.

(ii) Double. This supplemental equipment consists of one loop detector and two loops installed in the pavement so that vehicles passing over the loops operate the controller at the intersection. The monthly rate for this supplemental equipment is \$23.34.

(11) Flasher Equipment. This supplemental equipment consists of the necessary clock-controlled flasher equipment so that all signals at a controlled intersection may flash amber to traffic on the main street and flash red to traffic on the cross street during certain preset periods of time. The monthly rate for this supplemental equipment is \$4.35.

*Treadle detectors shall not be used for new installations or replacements after the effective date of this schedule.

RATE: Supplemental Equipment. (Continued)

(12) Mast Arm.

- (a) Style 1. This supplemental equipment consists of presently installed "wind-brace" style steel mast arms not to exceed 25 feet in length supported on a steel pole which may or may not also support a street lighting unit. The mast arm shall provide a minimum clearance for the traffic signal unit of 15 feet above the street. The monthly rate for this supplemental equipment, including pole, one mast arm, wiring cable, and traffic signal unit attachments, but excluding the traffic signal unit, is \$18.98. Mast arms of this type shall not be used for new installations after the effective date of this schedule.
- (b) Style 2. This supplemental equipment consists of a steel mast arm not to exceed 30 feet in length supported on a steel pole which may or may not also support a street lighting unit. The pole and mast arm shall be of a "classic" style with standard mast arm lengths of 15, 20, 25 or 30 feet, providing a minimum clearance for the traffic signal unit of 15 feet above the street. The monthly rate for this supplemental equipment, including pole, one mast arm, wiring cable, and traffic signal unit attachments, but excluding traffic signal unit, is \$18.98.
- (c) Style 3. This supplemental equipment consists of a steel mast arm over 30 feet but not to exceed 38 feet in length, supported on a steel pole which may or may not also support a street lighting unit. The pole and mast arm shall be of a "classic" style with standard mast arm lengths of 35 and 38 feet, providing a minimum clearance for the traffic signal unit of 15 feet above the street. The monthly rate for this supplemental equipment, including pole, one mast arm, wiring cable and traffic signal unit attachments, but excluding traffic signal unit, is \$19.12.

(12) Mast Arm. (Continued)

(d) Style 4. This supplemental equipment consists of a steel mast arm 40 feet in length, supported on a steel pole which may or may not also support a street lighting unit. The pole and mast arm shall be of a "classic" style. The mast arm shall provide a minimum clearance for the traffic signal unit of 15 feet above the street. The monthly rate for this supplemental equipment, including pole, one mast arm, wiring cable and traffic signal unit attachments, but excluding traffic signal unit, is \$25.83.

(13) Back Plate. This supplemental equipment consists of one back plate mounted behind a single head to extend 8 inches beyond the signal in all directions. The monthly rate for this supplemental equipment is \$0.86.

(14) Wood Pole Suspension. This supplemental equipment consists of two wood poles, necessary guys and span cable to support suspension type traffic signal installations. The monthly rate for this supplemental equipment is \$9.02.

(15) Steel Pole Suspension. This supplemental equipment consists of two steel poles, necessary guys and span cable to support suspension type traffic signal installations. The monthly rate for this supplemental equipment is \$21.16.

(16) Pedestrian Timer. This supplemental equipment consists of a pedestrian timer installed where necessary to accomplish signal timing specified by the customer. The monthly rate for this supplemental equipment is \$5.16.

The monthly rates for each type of Supplemental Equipment at an intersection are in addition to the monthly rate for the Basic Installation at that intersection.

No supplement or separate understanding shall modify the tariff as shown hereon.

Sheet 9 of 9 Sheets

MUNICIPAL TRAFFIC CONTROL SIGNAL SERVICE
Schedule 2-TR

WAGE RATE ADJUSTMENT:

The rates and charges set forth herein are based on the weighted average hourly straight time rate for bargaining unit employees of the Company of \$11.15 per hour. In the event such average hourly rate of pay is increased or decreased 5% or more, the charges for traffic signals shall be increased or decreased by 0.165% for each full 1% that such average hourly rate of pay is above or below \$11.15.

ENERGY COST ADJUSTMENT:

Energy Cost Adjustment Schedule 2-ECA shall be applicable to kwh computed for all units billed under this schedule. Computed kwh shall be determined by multiplying the total kilowatts of power required for operation of the units by the monthly burning hours, which shall total not less than 8760 hours per year.

TAX ADJUSTMENT:

Tax Adjustment Schedule 2-TA shall be applicable to all customer billings under this schedule.

RESEARCH AND DEVELOPMENT SURCHARGE:

Research and Development Surcharge Schedule 2-RD shall be applicable to all energy use and customer billings under this schedule.

REGULATIONS:

Subject to Rules and Regulations filed with the State Regulatory Commission.

Sheet 9 of 10 Sheets

MUNICIPAL STREET LIGHTING SERVICE
Schedule 2-ML

RATE (High Pressure Sodium Vapor): (continued)

7.0 Street lamps equipped with hood, reflector, and refractor, on wood poles served underground by an extension under sod not in excess of 200 feet per unit: (Code UWE)

Size of Lamp	Rate per Lamp per Year
7.1 14400 Lumen	\$ 236.40
7.2 23000 Lumen	258.72
7.3 45000 Lumen	289.08

REPLACEMENT OF UNITS:

Existing street lamps shall be replaced at the same pole location with a different type of standard unit installation only by mutual agreement of the Company and the Municipality.

STANDARD UNITS:

Standard street lamps are those mercury vapor or high pressure sodium vapor units for which a rate is stated except those with an X designation in the type code.

BURNING HOURS:

Unless otherwise stated, lamps are to burn each and every day of the year from one-half hour after sunset to one-half hour before sunrise, approximately 4100 hours per year.

WAGE RATE ADJUSTMENT:

The rates and charges set forth herein are based on the weighted average hourly straight time rate for bargaining unit employees of the Company of \$11.15 per hour. In the event such average hourly rate of pay is increased or decreased 5% or more, the charges for traffic signals shall be increased or decreased by 0.165% for each full 1% that such average hourly rate of pay is above or below \$11.15.

WESTWOOD HILLS

(First Published in Johnson County Herald
Wednesday March 11, 1970)
TO THE ELECTORS OF THE CITY OF
WESTWOOD HILLS, KANSAS

You are hereby notified that the Governing Body of the City of Westwood Hills, Kansas, being the Mayor and Council thereof, proposes to grant to Kansas City Power & Light Company a franchise to operate and maintain an electric system for the supplying of electric current to the City of Westwood Hills, Kansas, and its inhabitants. Such proposed franchise is contained in Ordinance No. 80 of the City of Westwood Hills, Kansas, and reads as follows:

ORDINANCE NO. 80

AN ORDINANCE GRANTING KANSAS CITY POWER & LIGHT COMPANY, ITS GRANTEEES, SUCCESSORS AND ASSIGNS, THE RIGHT AND FRANCHISE TO CONSTRUCT AND MAINTAIN ALL WORKS AND PLANTS NECESSARY OR PROPER FOR SUPPLYING CONSUMERS WITH ELECTRIC OR OTHER ENERGY, GRANTING TO SAID COMPANY THE RIGHT TO USE THE STREETS, ALLEYS AND ALL OTHER PUBLIC PLACES, PROVIDING FOR COMPENSATION FROM SUCH COMPANY FOR SAID RIGHT AND FRANCHISE, PRESCRIBING THE TERMS OF AND RELATING TO SUCH FRANCHISE AND REPEALING INCONSISTENT ORDINANCES OR PARTS THEREOF

WHEREAS, Kansas City Power & Light Company (herein called the Company) is a corporation duly organized and existing under and by virtue of the laws of the State of Missouri, and admitted to do business under the laws of the State of Kansas as a foreign corporation for the purpose of generating and distributing electric energy; and

WHEREAS, the Company is operating a system for the transmission of electric current between two or more incorporated cities in the State of Kansas and has heretofore built, or proposes to build, its transmission lines into or through the City of Westwood Hills, Kansas; and

WHEREAS, the parties hereto desire that the Company furnish electric energy to consumers in said City;

NOW, THEREFORE, BE IT ORDAINED BY THE GOVERNING BODY OF THE CITY OF WESTWOOD HILLS, KANSAS:

SECTION I. In consideration of the benefits to be derived by the City and the inhabitants thereof from the construction, operation and maintenance of an electric light and power system and the supplying of electric energy to the Public, there is hereby granted to the Company and to its successors and assigns, for the term of twenty (20) years from the effective date hereof, a franchise and authority to construct, operate and maintain within the existing and any future extended corporate limits of the City all appropriate facilities and plants for carrying on a power and light business and all other operations connected therewith or incident thereto for the purpose of supplying the City and outlying areas with electric or other energy in such forms as may be reasonably required for domestic, commercial, industrial, municipal and other purposes and to produce and supply such energy by manufacture, generation, purchase or otherwise, and to transmit and distribute same by means of underground or overhead lines or otherwise, and for any or all of said purposes it is authorized to: (i) construct conduits or other underground facilities for the installation and protection of its underground wire and cables, (ii) place poles, lamp posts, guys, and anchors for its overhead wires, cables and street lights on all streets, alleys, avenues, bridges, parks, parking and other existing and any future public places or thoroughfares, (iii) construct, erect and maintain all buildings, machinery and attachments of any and every kind for any and all of said purposes, and (iv) enter upon any and all of said public places within the corporate limits of the City as they now exist or may hereafter be opened, widened, extended, laid out and established, including any other territory hereafter added thereto or coming under the City's jurisdiction, and to trim trees upon and overhanging such places and make such excavations thereon as may be appropriate for the construction, repair and renewal of the Company's overhead and underground facilities and plants.

SECTION II. Any pavements, sidewalks or curbing taken up or any and all excavations made shall be done under the supervision and direction of the governing body of said City under all necessary permits issued for the work, and shall be made and done in such manner as to give the least inconvenience to the inhabitants of the City and the public generally, and pavements, sidewalks, curbing and excavations shall be replaced and repaired in as good condition as before with all convenient speed, by and at the expense of the Company.

SECTION III. The Company shall at all times during the term of this franchise supply to consumers of electric energy, residing in said City, such electric energy as they may require, and shall extend and construct its lines and services in accordance with legal requirements, and rules and regulations as filed from time to time with the State Corporation Commission of Kansas. Nothing contained herein shall be construed as a guarantee upon the part of the Company to furnish uninterrupted service, and interruptions due to Acts of God, fire, strikes, civil or military authority, orders of court and other causes reasonably beyond the control of the Company are specifically exempted from the terms of this Section.

SECTION IV. All poles and wires shall be erected in accordance with the rules and regulations of the State Corporation Commission of Kansas as set out in Docket No. 1944 and any amendments thereto. All poles carrying said wires shall be placed in such manner as to interfere with and obstruct as little as reasonably possible, the ordinary use of the streets, alleys, lanes and highways of said City, and shall not interfere with any gas main, water main or sewer now laid out or constructed in or under said streets, alleys, lanes and highways of said City.

SECTION V. The Company shall, at all times, in the construction, maintenance, and operation of its electric transmission, distribution and street lighting system, use all reasonable and proper precaution to avoid damage or injury to persons or property, and shall hold and save harmless said City from any and all damage, injury and expense caused by the sole negligence of the Company, its successors and assigns.

SECTION VI. As further consideration for the rights, privileges and franchise hereby granted, and in lieu of all rental, license or oc-

cupation taxes, the grantee shall on or before the 30th day of June and the 31st day of December of each year in which this franchise is effective, pay to the City five per cent (5%) of its gross receipts charged and collected from the sale of electric energy used within the present or future boundaries of said City for domestic, commercial and industrial consumption for the six (6) months' period ending at the last meter reading preceding May 31 and November 30, respectively. Such payment shall be made to the City in cash until any credit (existing on the effective date of this franchise ordinance) accumulated pursuant to Section VI of City Ordinance No. 78 is depleted by Company billings for street lighting and traffic signal service for said City; and upon such depletion or if no such credit on the effective date of this franchise ordinance, such payment shall be made by subtracting from the amount determined for the applicable said six (6) months' period in accordance with the first and last sentences of this Section (the "Gross Receipts Amount Due") the amount due the Company from the City for street lighting and traffic signal service billed for the applicable said six (6) months' period (the "SLTS Billings Amount") and by paying the remainder, if any, in cash to the City. If in any applicable said six months' period the SLTS Billings Amount exceeds the Gross Receipts Amount-Due, the Company shall for such excess bill the City and the City shall pay the same in cash to the Company. The term "gross receipts", as applied to the sales of electricity for domestic, commercial, or industrial purposes as used in this Section shall not include (1) the electrical energy sold to the United States or the State of Kansas or to any agency or political subdivision thereof; (2) the electrical energy sold for other use which can not be classified as domestic, commercial, or industrial, such as the electrical energy used by public utilities, telephone, telegraph, and radio communication companies, railroads, pipe lines companies, educational institutions not operating for profit, churches and charitable institutions and (3) the electrical energy sold for resale.

SECTION VII. All provisions of this ordinance shall be binding upon and inure to the benefit of the Company, its grantees and its successors and assigns.

SECTION VIII. All ordinances and parts of ordinances in conflict herewith are hereby repealed as of the effective date of this ordinance.

SECTION IX. This ordinance is made under and in conformity with the laws of the State of Kansas, and shall take effect and be in force as therein provided.

PROOF OF PUBLICATION

WESTWOOD HILLS

(First Published in Johnson County Herald Wednesday March 11, 1970)

TO THE ELECTORS OF THE CITY OF WESTWOOD HILLS, KANSAS

You are hereby notified that the Governing Body of the City of Westwood Hills, Kansas, being the Mayor and Council thereof, proposes to grant to Kansas City Power & Light Company a franchise to operate and maintain an electric system for the supplying of electric current to the City of Westwood Hills, Kansas, and its inhabitants. Such proposed franchise is contained in Ordinance No. 80 of the City of Westwood Hills, Kansas, and reads as follows:

ORDINANCE NO. 80

AN ORDINANCE GRANTING KANSAS CITY POWER & LIGHT COMPANY, ITS GRANTEEES, SUCCESSORS AND ASSIGNS, THE RIGHT AND FRANCHISE TO CONSTRUCT AND MAINTAIN ALL WORKS AND PLANTS NECESSARY OR PROPER FOR SUPPLYING CONSUMERS WITH ELECTRIC OR OTHER ENERGY, GRANTING TO SAID COMPANY THE RIGHT TO USE THE STREETS, ALLEYS AND ALL OTHER PUBLIC PLACES, PROVIDING FOR COMPENSATION FROM SUCH COMPANY FOR SAID RIGHT AND FRANCHISE, PRESCRIBING THE TERMS OF AND RELATING TO SUCH FRANCHISE AND REPEALING INCONSISTENT ORDINANCES OR PARTS THEREOF

WHEREAS, Kansas City Power & Light Company (herein called the Company) is a corporation duly organized and existing under and by virtue of the laws of the State of Missouri, and admitted to do business under the laws of the State of Kansas as a foreign corporation for the purpose of generating and distributing electric energy; and

WHEREAS, the Company is operating a system for the transmission of electric current between two or more incorporated cities in the State of Kansas and has heretofore built, or proposes to build, its transmission lines into or through the City of Westwood Hills, Kansas; and

WHEREAS, the parties hereto desire that the Company furnish electric energy to consumers in said City;

NOW, THEREFORE, BE IT ORDAINED BY THE GOVERNING BODY OF THE CITY OF WESTWOOD HILLS, KANSAS:

SECTION I. In consideration of the benefits to be derived by the City and the inhabitants thereof from the construction, operation and maintenance of an electric light and power system and the supplying of electric energy to the Public, there is hereby granted to the Company and to its successors and assigns, for the term of twenty (20) years from the effective date hereof, a franchise and authority to construct, operate and maintain within the existing and any future extended corporate limits of the City all appropriate facilities and plants for carrying on a power and light business and all other operations connected therewith or incident thereto for the purpose of supplying the City and outlying areas with electric or other energy in such forms as may be reasonably required for domestic, commercial, industrial, municipal and other purposes and to produce and supply such energy by manufacture, generation, purchase or otherwise, and to transmit and distribute same by means of underground or overhead lines or otherwise, and for any or all of said purposes it is authorized to (i) construct conduits or other underground facilities for the installation and protection of its underground wire and cables, (ii) place poles, lamp posts, guys, and anchors for its overhead wires, cables and street lights on all streets, alleys, avenues, bridges, parks, parking and other existing and any future public places or thoroughfares, (iii) construct, erect and maintain all buildings, machinery and attachments of any and every kind for any and all of said purposes, and (iv) enter upon any and all of said public places within the corporate limits of the City as they now exist or may hereafter be opened, widened, extended, laid out and established, including any other territory hereafter added thereto or coming under the City's jurisdiction, and to trim trees upon and overhanging such places and make such excavations thereon as may be appropriate for the construction, repair and renewal of the Company's overhead and underground facilities and plants.

SECTION II. Any pavements, sidewalks or curbing taken up or any and all excavations made shall be done under the supervision and direction of the governing body of said City under all necessary permits issued for the work, and shall be made and done in such manner as to give the least inconvenience to the inhabitants of the City and the public generally, and pavements, sidewalks, curbing and excavations shall be replaced and repaired in as good condition as before with all convenient speed, by and at the expense of the Company.

SECTION III. The Company shall at all times during the term of this franchise supply to consumers of electric energy, residing in said City, such electric energy as they may require, and shall extend and construct its lines and services in accordance with legal requirements, and rules and regulations as filed from time to time with the State Corporation Commission of Kansas. Nothing contained herein shall be construed as a guarantee upon the part of the Company to furnish uninterrupted service, and interruptions due to Acts of God, fire, strikes, civil or military authority, orders of court and other causes reasonably beyond the control of the Company are specifically exempted from the terms of this Section.

SECTION IV. All poles and wires shall be erected in accordance with the rules and regulations of the State Corporation Commission of Kansas as set out in Docket No. 1944 and any amendments thereto. All poles carrying said wires shall be placed in such manner as to interfere with and obstruct as little as reasonably possible, the ordinary use of the streets, alleys, lanes and highways of said City, and shall not interfere with any gas main, water main or sewer now laid out or constructed in or under said streets, alleys, lanes and highways of said City.

SECTION V. The Company shall, at all times, in the construction, maintenance, and operation of its electric transmission, distribution and street lighting system, use all reasonable and proper precaution to avoid damage or injury to persons or property, and shall hold and save harmless said City from any and all damage, injury and expense caused by the negligence of the Company, its successors and assigns.

SECTION VI. As further consideration for the rights, privileges and franchise hereby granted, and in lieu of all rental, license or occu-

cupation taxes, the grantee shall on or before the 30th day of June and the 31st day of December of each year in which this franchise is effective, pay to the City five per cent (5%) of its gross receipts charged and collected from the sale of electric energy used within the present or future boundaries of said City for domestic, commercial and industrial consumption for the six (6) months' period ending at the last meter reading preceding May 31 and November 30, respectively. Such payment shall be made to the City in cash until any credit (existing on the effective date of this franchise ordinance) accumulated pursuant to Section VI of City Ordinance No. 78 is depleted by Company billings for street lighting and traffic signal service for said City; and upon such depletion or if no such credit exists on the effective date of this franchise ordinance, such payment shall be made by subtracting from the amount determined for the applicable said six (6) months' period in accordance with the first and last sentences of this Section (the "Gross Receipts Amount Due") the amount due the Company from the City for street lighting and traffic signal service billed for the applicable said six (6) months period (the "SLTS Billings Amount") and by paying the remainder, if any, in cash to the City. If in any applicable said six months' period the SLTS Billings Amount exceeds the Gross Receipts Amount Due, the Company shall for such excess bill the City and the City shall pay the same in cash to the Company. The term "gross receipts", as applied to the sales of electricity for domestic, commercial, or industrial purposes as used in this Section shall not include (1) the electrical energy sold to the United States or the State of Kansas or to any agency or political subdivision thereof, (2) the electrical energy sold for other use which can not be classified as domestic, commercial, or industrial, such as the electrical energy used by public utilities, telephone, telegraph, and radio communication companies, railroads, pipe lines companies, educational institutions not operating for profit, churches and charitable institutions and (3) the electrical energy sold for resale.

SECTION VII. All provisions of this ordinance shall be binding upon and inure to the benefit of the Company, its grantees and its successors and assigns.

SECTION VIII. All ordinances and parts of ordinances in conflict herewith are hereby repealed as of the effective date of this ordinance.

SECTION IX. This ordinance is made under and in conformity with the laws of the State of Kansas, and shall take effect and be in force as therein provided.

ORDINANCE NO. _____

AN ORDINANCE GRANTING KANSAS CITY POWER & LIGHT COMPANY, ITS GRANTEEES, SUCCESSORS AND ASSIGNS, THE RIGHT AND FRANCHISE TO CONSTRUCT AND MAINTAIN ALL WORKS AND PLANTS NECESSARY OR PROPER FOR SUPPLYING CONSUMERS WITH ELECTRIC OR OTHER ENERGY, GRANTING TO SAID COMPANY THE RIGHT TO USE THE STREETS, ALLEYS AND ALL OTHER PUBLIC PLACES, PROVIDING FOR COMPENSATION FROM SUCH COMPANY FOR SAID RIGHT AND FRANCHISE, PRESCRIBING THE TERMS OF AND RELATING TO SUCH FRANCHISE AND REPEALING INCONSISTENT ORDINANCES OR PARTS THEREOF.

WHEREAS, Kansas City Power & Light Company (herein called the Company) is a corporation duly organized and existing under and by virtue of the laws of the State of Missouri, and admitted to do business under the laws of the State of Kansas as a foreign corporation for the purpose of generating and distributing electric energy; and

WHEREAS, the Company is operating a system for the transmission of electric current between two or more incorporated cities in the State of Kansas and has heretofore built, or proposes to build, its transmission lines into or through the City of Westwood Hills, Kansas; and

WHEREAS, the parties hereto desire that the Company furnish electric energy to consumers in said City;

NOW, THEREFORE, BE IT ORDAINED BY THE GOVERNING BODY OF THE CITY OF WESTWOOD HILLS, KANSAS:

SECTION I. In consideration of the benefits to be derived by the City and the inhabitants thereof from the construction, operation and maintenance of an electric light and power system and the supplying of electric energy to the Public, there is hereby granted to the Company and to its successors and assigns, for the term of twenty (20) years from the effective date hereof, a franchise and authority to construct, operate and maintain in the City all appropriate facilities and plants for carrying on a power and light business and all other operations connected therewith or incident thereto for the purpose of supplying the City and outlying areas with electric or other energy in such forms as may be reasonably required for domestic, commercial, industrial, municipal and other purposes and to produce and supply such energy by manufacture, generation, purchase or otherwise, and to transmit and distribute same by means of underground or overhead lines or otherwise, and for any or all of said purposes it is authorized to (i) construct conduits or other underground facilities for the installation and protection of its underground wire and cables, (ii) place poles, lamp posts, guys, and anchors for its overhead wires, cables and street lights on all streets, alleys, avenues, bridges, parks, parking and other public places or thoroughfares, (iii) construct, erect and maintain all buildings, machinery and attachments of any and every kind for any and all of said purposes, and (iv) enter upon any and all of said public places within the corporate limits of the City as they now exist or may hereafter be opened, widened, extended, laid out and established, including any other territory hereafter added thereto or coming under the City's jurisdiction, and to trim trees upon and overhanging such places and make such excavations thereon as may be appropriate for the construction, repair and renewal of the Company's overhead and underground facilities and plants.

SECTION II. Any pavements, sidewalks or curbing taken up or any and all excavations made shall be done under the supervision and direction of the governing body of said City under all necessary permits issued for the work, and shall be made and done in such manner as to give the least inconvenience to the inhabitants of the City and the public generally, and pavements, sidewalks, curbing and excavations shall be replaced and repaired in as good condition as before with all convenient speed, by and at the expense of the Company.

SECTION III. The Company shall at all times during the term of this franchise supply to consumers of electric energy, residing in said City, such electric energy as they may require, and shall extend and construct its lines and services in accordance with legal requirements, and rules and regulations as filed from time to time with the State Corporation Commission of Kansas. Nothing contained herein shall be construed as a guarantee upon the part of the Company to furnish uninterrupted service, and interruptions due to Acts of God, fire, strikes, civil or military authority, orders of court and other causes reasonably beyond the control of the Company are specifically exempted from the terms of this Section.

SECTION IV. All poles and wires shall be erected in accordance with the rules and regulations of the State Corporation Commission of Kansas as set out in Docket No. 1944 and any amendments thereto. All poles carrying said wires shall be placed in such manner as to interfere with and obstruct as little as reasonably possible, the ordinary use of the streets, alleys, lanes and highways of said City, and shall not interfere with any gas main, water main or sewer now laid out or constructed in or under said streets, alleys, lanes and highways of said City.

SECTION V. The Company shall, at all times, in the construction, maintenance, and operation of its electric transmission, distribution and street lighting system, use all reasonable and proper precaution to avoid damage or injury to persons or property, and shall hold and save harmless said City from any and all damage, injury and expense caused by the sole negligence of the Company, its successors and assigns.

SECTION VI. As further consideration for the rights, privileges and franchise hereby granted, and in lieu of all rental, license or occupation taxes, the grantee shall on or before the 30th day of June and the 31st day of December of each year in which this franchise is effective, issue a credit amounting to five per cent (5%) of its gross receipts charged and collected from the sale of electric energy used within the present or future boundaries of said City for domestic, commercial and industrial consumption for the six (6) months' period ending at the last meter reading preceding May 31 and November 30, respectively, which credit shall be applied against the bills rendered by the Company for street lighting in said City. The term "gross receipts", as applied to the sales of electricity for domestic, commercial, or industrial purposes as used in this section shall not include (1) the electrical energy sold to the United States or the State of Kansas or to any agency or political subdivision thereof, (2) the electrical energy sold for other use which can not be classified as domestic, commercial, or industrial, such as the electrical energy used by public utilities, telephone, telegraph, and radio communication companies, railroads, pipe line companies, educational institutions not operating for profit, churches and charitable institutions and (3) the electrical energy sold for resale.

SECTION VII. All provisions of this ordinance shall be binding upon and inure to the benefit of the Company, its grantees and its successors and assigns.

SECTION VIII. All ordinances and parts of ordinances in conflict herewith are hereby repealed as of the effective date of this ordinance.

SECTION IX. This ordinance is made under and in conformity with the laws of the State of Kansas, and shall take effect and be in force as therein provided.

Mayor

ORDINANCE NO. 80

AN ORDINANCE GRANTING KANSAS CITY POWER & LIGHT COMPANY, ITS GRANTEEES, SUCCESSORS AND ASSIGNS, THE RIGHT AND FRANCHISE TO CONSTRUCT AND MAINTAIN ALL WORKS AND PLANTS NECESSARY OR PROPER FOR SUPPLYING CONSUMERS WITH ELECTRIC OR OTHER ENERGY, GRANTING TO SAID COMPANY THE RIGHT TO USE THE STREETS, ALLEYS AND ALL OTHER PUBLIC PLACES, PROVIDING FOR COMPENSATION FROM SUCH COMPANY FOR SAID RIGHT AND FRANCHISE, PRESCRIBING THE TERMS OF AND RELATING TO SUCH FRANCHISE AND REPEALING INCONSISTENT ORDINANCES OR PARTS THEREOF

WHEREAS, Kansas City Power & Light Company (herein called the Company) is a corporation duly organized and existing under and by virtue of the laws of the State of Missouri, and admitted to do business under the laws of the State of Kansas as a foreign corporation for the purpose of generating and distributing electric energy; and

WHEREAS, the Company is operating a system for the transmission of electric current between two or more incorporated cities in the State of Kansas and has heretofore built, or proposes to build, its transmission lines into or through the City of Westwood Hills, Kansas; and

WHEREAS, the parties hereto desire that the Company furnish electric energy to consumers in said City;

NOW, THEREFORE, BE IT ORDAINED BY THE GOVERNING BODY OF THE CITY OF WESTWOOD HILLS, KANSAS:

SECTION I. In consideration of the benefits to be derived by the City and the inhabitants thereof from the construction, operation and maintenance of an electric light and power system and the supplying of electric energy to the Public, there is hereby granted to the Company and to its successors and assigns, for the term of twenty (20) years from the effective date hereof, a franchise and authority to construct, operate and maintain within the existing and any future extended corporate limits of the City all appropriate facilities and plants for carrying on a power and light business and all other operations connected therewith or incident thereto for the purpose of supplying the City and outlying areas with electric or other energy in such forms as may be reasonably required for domestic, commercial, industrial, municipal and other purposes and to produce and supply such energy by manufacture, generation, purchase or otherwise, and to transmit and distribute same by means of underground or overhead lines or otherwise, and for any or all of said purposes it is authorized to (i) construct conduits or other underground facilities for the installation and protection of its underground wire and cables, (ii) place poles, lamp posts, guys, and anchors for its overhead wires, cables and street lights on all streets, alleys, avenues, bridges, parks, parking and other existing and any future public places or thoroughfares, (iii) construct, erect and maintain all buildings, machinery and attachments of any and every kind for any and all of said purposes, and (iv) enter upon any and all of said public places within the corporate limits of the City as they now exist or may hereafter be opened; widened, extended, laid out and established, including any other territory hereafter added thereto or coming under the City's jurisdiction, and to trim trees upon and overhanging such places and make such excavations thereon as may be appropriate for the construction, repair and renewal of the Company's overhead and underground facilities and plants.

SECTION II. Any pavements, sidewalks or curbing taken up or any and all excavations made shall be done under the supervision and direction of the governing body of said City under all necessary permits issued for the work, and shall be made and done in such manner as to give the least inconvenience to the inhabitants of the City and the public generally, and pavements, sidewalks, curbing and excavations shall be replaced and repaired in as good condition as before with all convenient speed, by and at the expense of the Company.

SECTION III. The Company shall at all times during the term of this franchise supply to consumers of electric energy, residing in said City, such electric energy as they may require, and shall extend and construct its lines and services in accordance with legal requirements, and rules and regulations as filed from time to time with the State Corporation Commission of Kansas. Nothing contained herein shall be construed as a guarantee upon the part of the Company to furnish uninterrupted service, and interruptions due to Acts of God, fire, strikes, civil or military authority, orders of court and other causes reasonably beyond the control of the Company are specifically exempted from the terms of this Section.

SECTION IV. All poles and wires shall be erected in accordance with the rules and regulations of the State Corporation Commission of Kansas as set out in Docket No. 1944 and any amendments thereto. All poles carrying said wires shall be placed in such manner as to interfere with and obstruct as little as reasonably possible, the ordinary use of the streets, alleys, lanes and highways of said City, and shall not interfere with any gas main, water main or sewer now laid out or constructed in or under said streets, alleys, lanes and highways of said City.

SECTION V. The Company shall, at all times, in the construction, maintenance, and operation of its electric transmission, distribution and street lighting system, use all reasonable and proper precaution to avoid damage or injury to persons or property, and shall hold and save harmless said City from any and all damage, injury and expense caused by the sole negligence of the Company, its successors and assigns.

SECTION VI. As further consideration for the rights, privileges and franchise hereby granted, and in lieu of all rental, license or occupation taxes, the grantee shall on or before the 30th day of June and the 31st day of December of each year in which this franchise is effective, pay to the City five per cent (5%) of its gross receipts charged and collected from the sale of electric energy used within the present or future boundaries of said City for domestic, commercial and industrial consumption for the six (6) months' period ending at the last meter reading preceding May 31 and November 30, respectively. Such payment shall be made to the City in cash until any credit (existing on the effective date of this franchise ordinance) accumulated pursuant to Section VI of City Ordinance No. 78 is depleted by Company billings for street lighting and traffic signal service for said City; and upon such depletion or if no such credit exists on the effective date of this franchise ordinance, such payment shall be made by subtracting from the amount determined for the applicable said six (6) months' period in accordance with the first and last sentences of this Section (the "Gross Receipts Amount Due") the amount due the Company from the City for street lighting and traffic signal service billed for the applicable said six (6) months period (the "SLTS Billings Amount") and by paying the remainder, if any, in cash to the City. If in any applicable said six months' period the SLTS Billings Amount exceeds the Gross Receipts Amount Due, the Company shall for such excess bill the City and the City shall pay the same in cash to the Company. The term "gross receipts", as applied to the sales of electricity for domestic, commercial, or industrial purposes as used in this Section shall not include (1) the electrical energy sold to the United States or the State of Kansas or to any agency or political subdivision thereof, (2) the electrical energy sold for other use which can not be classified as domestic, commercial, or industrial, such as the electrical energy used by public utilities, telephone, telegraph, and radio communication companies, railroads, pipe line companies, educational institutions not operating for profit, churches and charitable institutions and (3) the electrical energy sold for resale.

SECTION VII. All provisions of this ordinance shall be binding upon and inure to the benefit of the Company, its grantees and its successors and assigns.

SECTION VIII. All ordinances and parts of ordinances in conflict herewith are hereby repealed as of the effective date of this ordinance.

SECTION IX. This ordinance is made under and in conformity with the laws of the State of Kansas, and shall take effect and be in force as therein provided.

PASSED and APPROVED this 6th day of April, 1970⁷.

Paul G. Maclean
Mayor

ATTEST:

Orville - Rumberg
City Clerk

Thereupon, Ordinance No. 106 of the City of Westwood Hills,
Kansas, being entitled:

"AN ORDINANCE AMENDING ORDINANCE NO. 82 OF THE CITY OF WESTWOOD
HILLS, KANSAS, TO PROVIDE FOR REVISION OF THE RATES AND CHARGES
IN THE TRAFFIC SIGNAL CONTRACT BETWEEN KANSAS CITY POWER & LIGHT
COMPANY AND THE CITY OF WESTWOOD HILLS, KANSAS"

was introduced and read, considered by sections, each section being adopted
separately, and then placed upon its final passage, the question being, "Shall
the Ordinance pass?" A vote was taken which resulted as follows:

Yea 6 votes

Nay 0 votes

A majority of the councilmen elect voting in favor of such ordinance,
the Mayor declared the Ordinance duly passed.

KANSAS CITY POWER & LIGHT COMPANY

8730 NIEMAN ROAD
OVERLAND PARK, KANSAS 66214

May 16, 1977

Mrs. Janet Whitehead, City Clerk
5008 State Line
Westwood Hills, Kansas 66205

RE: Design of Traffic Signal Systems - Ordinance Number 82

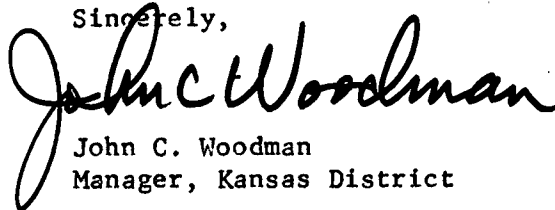

Dear Mrs. Whitehead:

Kansas City Power & Light Company will no longer make proposals or recommendations to the cities for traffic signal layouts. The Company does not employ traffic engineers and has no particular expertise in the field of traffic flow and traffic engineering. The Company will continue to accept orders for traffic signal devices and systems from the cities, but will not design these systems. The orders for traffic signal systems from the cities shall include the particular type of signal or signals to be installed, the location of these signals, any accessories and the control sequence. To aid the cities in making the selection of devices and accessories, the standard equipment supplied by Kansas City Power & Light Company is available on request.

At those intersections where traffic counts and traffic flows are required to make the proper selection of equipment, Kansas City Power & Light strongly recommends that the cities employ an engineering firm with experience in this area of engineering.

After the Company receives the order for traffic signal controls and equipment at a particular location, the Company will design the necessary conduit system, wiring layouts and other construction drawings to achieve the rendering of service and control of the signals, as requested by the city.

Sincerely,

John C. Woodman
Manager, Kansas District
