

**CITY OF WESTWOOD HILLS, KANSAS
ORDINANCE NO. 257**

AN ORDINANCE ESTABLISHING REQUIREMENTS RELATING TO STORMWATER POLLUTION PREVENTION TO STORM SEWERS AND SURFACE WATERS FOR THE CITY OF WESTWOOD HILLS, KANSAS; BY ADDING A NEW ARTICLE 6 OF CHAPTER 5 ENTITLED "STORMWATER POLLUTION PREVENTION FOR STORM SEWERS AND SURFACE WATERS" CONSISTING OF NEW SECTIONS 5-601 THROUGH 5-610, AND RENUMBERING EXISTING PROVISIONS OF CHAPTER 5 OF THE CITY CODE.

BE IT ORDAINED BY THE GOVERNING BODY OF THE CITY OF WESTWOOD HILLS, KANSAS:

SECTION 1. Chapter 5, Article 6, of the Municipal Code of the City, entitled "Clearing and Cleaning of Streets During and After Construction," shall be moved and renumbered to become Chapter 5, Article 8, of the Municipal Code of the City, consisting of sections 5-801 and 5-802.

SECTION 2. Chapter 5, Article 7, of the Municipal Code of the City, entitled "Use and Excavation of the Public Right-of-Way," shall be moved and renumbered to become Chapter 5, Article 9, of the Municipal Code of the City, consisting of sections 5-901 through 5-935.

SECTION 3. A new Article 6 of Chapter 5 of the Municipal Code of the City is hereby added to read as follows:

**Chapter 5
Article 6
STORMWATER POLLUTION PREVENTION
FOR STORM SEWERS AND SURFACE WATERS**

5-601 TITLE.

The title of the City of Westwood Hills Municipal Code Sections 5-601 through 5-610, inclusive, shall be known as the Stormwater Pollution Prevention for Storm Sewers and Surface Waters Act ("Act").

5-602 PURPOSE AND FINDINGS.

- A. The purpose of this Act shall be to prevent the discharge of pollutants from land and activities within the City into the municipal separate storm sewer system (MS4) and/or into surface waters.
- B. The Governing Body of the City hereby finds that pollutants may be discharged into surface waters, both through inappropriate non-stormwater discharges into the MS4 or the surface waters directly, and through the wash off and transport of pollutants found on the land and built surfaces by stormwater during rainfall events.
- C. Further, the Governing Body of the City hereby finds that such discharge of pollutants may lead to increased risks of disease and harm to individuals, particularly children, who come into contact with the water; may degrade the quality of such water for human uses, such as drinking, irrigation, recreation, and industry; and may damage the natural ecosystems of rivers, streams, lakes and wetlands, leading to a decline in the diversity and abundance of plants and animals.
- D. Further, the Governing Body of the City hereby finds that this ordinance will promote public awareness of the hazards involved in the improper discharge of trash, yard waste, lawn chemicals, pet waste, wastewater, oil, petroleum products, cleaning products, paint products, hazardous waste, sediment and other pollutants into the storm drainage system.

- E. Further, the Governing Body of the City hereby finds that such discharges are inconsistent with the provisions and goals of the Clean Water Act, the National Pollutant Discharge Elimination System (NPDES), and other federal and state requirements for water quality and environmental preservation.
- F. Further, the Governing Body of the City hereby finds that a reasonable establishment of restrictions and regulations on activities within the City is necessary to eliminate or minimize such discharges of pollutants, to protect the health and safety of citizens, to preserve economic and ecological value of existing water resources within the City and within downstream communities, and to comply with the provisions of the City's responsibilities under the Clean Water Act and the NPDES program.

5-603 ABBREVIATIONS.

The following abbreviations when used in this Act shall have the designated meanings:

BMP	Best Management Practice
CFR	Code of Federal Regulations
EPA	Environmental Protection Agency
HHW	Household Hazardous Waste
KDHE	Kansas Department of Health and Environment
MS4	Municipal Separate Storm Sewer System
NPDES	National Pollutant Discharge Elimination System
PST	Petroleum Storage Tank

5-604 DEFINITIONS.

For the purposes of this Act, the following definitions shall apply:

- A. "Best management practices (BMPs)" means schedules of activities, prohibitions of practices, general good house keeping practices, pollution prevention and educational practices, maintenance procedures, and other management practices to prevent or reduce the discharge of pollutants directly or indirectly to stormwater, receiving waters, or stormwater conveyance systems. BMPs also include treatment practices, operating procedures, and practices to control site runoff, spillage or leaks, sludge or water disposal, or drainage from raw materials storage.
- B. "Car" means any vehicle meeting the definition for passenger car, passenger van, pickup truck, motorcycle, recreational vehicle, or motor home given in Article 1, Section 1 of the Standard Traffic Ordinance for Kansas Cities, prepared by the Kansas League of Municipalities, as incorporated by Section 11-101 of the Code.
- C. "City" means the City of Westwood Hills, Kansas.
- D. Clean Water Act means the federal Water Pollution Control Act (33 U.S.C. Section 1251 et seq.), and any subsequent amendments thereto.
- E. "Code" means the City Municipal Code.
- F. "Director" means the Building Official, as defined in Section 5-122 of the Code, and the Codes Enforcement Officer, as defined in Section 5-502 of the Code, or either of their authorized representatives.

- G. "Discharge" means the addition or introduction, directly or indirectly, of any pollutant, stormwater, or any other substance into the MS4 or surface waters.
- H. "Domestic sewage" means human excrement, gray water (from home clothes washing, bathing, showers, dishwashing, and food preparation), other wastewater from household drains, and waterborne waste normally discharged from the sanitary conveniences of dwellings (including apartment houses and hotels), office buildings, retail and commercial establishments, and institutions, that is free from industrial waste.
- I. "Extremely hazardous substance" means any substance listed in the appendices to 40 C.F.R. Part 355, Emergency Planning and Notification.
- J. "Fertilizer" means a substance or compound that contains a plant nutrient element in a form available to plants and is used primarily for its plant nutrient element content in promoting or stimulating growth of a plant or improving the quality of a crop, or a mixture of two or more fertilizers.
- K. "Hazardous household waste (HHW)" means any material generated in a household (including single and multiple residences) by a consumer which, except for the exclusion provided in 40 C.F.R. Section 261.4(b)(1), would be classified as a hazardous waste under 40 C.F.R. Part 261 or K.A.R 28-29-23b.
- L. "Hazardous substance" means any substance listed in Table 302.4 of 40 C.F.R. Part 302.
- M. "Hazardous waste" means any substance identified or listed as a hazardous waste by the EPA pursuant to 40 C.F.R. Part 261.
- N. "Industrial waste" means any waterborne liquid or solid substance that results from any process of industry, manufacturing, mining, production, trade, or business.
- O. "Municipal separate storm sewer system (MS4)" means the system of conveyances, (including roads with drainage systems, municipal streets, private streets, catch basins, curbs, gutters, ditches, man-made channels, or storm drains) owned and operated by the City and designed or used for collecting or conveying stormwater, and which is not used for collecting or conveying sewage.
- P. "NPDES" means the national program for issuing, modifying, revoking and reissuing, terminating, monitoring and enforcing permits, and imposing and enforcing pretreatment requirements under Sections 307, 318, 402, and 405 of the federal Clean Water Act.
- Q. "NPDES permit" means for the purpose of this chapter, a permit issued by the United States Environmental Protection Agency (EPA) or the state of Kansas that authorizes the discharge of pollutants to waters of the United States, whether the permit is applicable on an individual, group, or general area-wide basis.
- R. "Oil" means any kind of oil in any form, including but not limited to: petroleum, fuel oil, crude oil, synthetic oil, motor oil, bio-fuel, cooking oil, grease, sludge, oil refuse, and oil mixed with waste.
- S. "Person" means any individual, partnership, co-partnership, firm, company, corporation, limited liability company, association, joint stock company, trust, estate, governmental entity, or any other

legal entity; or any of their legal representatives, agents, or assigns, including all federal, state, and local governmental entities.

- T. "Pesticide" means a substance or mixture of substances intended to prevent, destroy, repel, or migrate any pest, or substances intended for use as a plant regulator, defoliant, or desiccant.
- U. "Petroleum Product" means a product that is obtained from distilling and processing crude oil and that is capable of being used as a fuel or lubricant in a motor vehicle, boat or aircraft including motor oil, motor gasoline, gasohol, other alcohol blended fuels, aviation gasoline, kerosene, distillate fuel oil and #1 and #2 diesel fuel.
- V. "Pollutant" means any substance or material which contaminates or adversely alters the physical, chemical or biological properties of the waters including changes in temperature, taste, odor, turbidity, or color of the water. Such substance or material may include but is not limited to, dredged spoil, spoil waste, incinerator residue, sewage, pet and livestock waste, garbage, sewage sludge, munitions, chemical waste, biological materials, radioactive materials, heat, wrecked or discarded equipment, rock, sand, soil, yard waste, hazardous household wastes, oil and petroleum products, used motor oil, anti-freeze, litter, pesticides, and industrial, municipal, and agricultural waste discharged into water.
- W. "Property Owner" shall mean the named property owner as indicated by the records of the Johnson County, Kansas Records and Tax Administration;
- X. "Release" means any spilling, leaking, pumping, pouring, emitting, emptying, discharging, injecting, escaping, leaching, dumping, or disposing into the MS4 and/or surface waters.
- Y. "Sanitary sewer" means the system of pipes, conduits, and other conveyances which carry industrial waste and domestic sewage from residential dwellings, commercial buildings, industrial and manufacturing facilities, and institutions, whether treated or untreated, to a sewage treatment plant and to which stormwater, surface water, and groundwater are not intentionally admitted.
- Z. "Septic tank waste" means any domestic sewage from holding tanks such as vessels, chemical toilets, campers, trailers, and septic tanks.
- AA. "Sewage" means the domestic sewage and/or industrial waste that is discharged into the sanitary sewer system and passes through the sanitary sewer system to a sewage treatment plant for treatment.
- BB. "State" means the state of Kansas.
- CC. "Stormwater" means stormwater runoff, snow melt runoff, and surface runoff and drainage.
- DD. "Surface waters" means any body of water classified as "surface waters" by the state of Kansas, including streams, rivers, creeks, brooks, sloughs, draws, arroyos, canals, springs, seeps, cavern streams, alluvial aquifers associated with these surface waters, lakes, man-made reservoirs, oxbow lakes, ponds, and wetlands, as well as any other body of water classified by the federal government as a "water of the United States".
- EE. "Waste" means any garbage, refuse, sludge or other discarded material which is abandoned or committed to treatment, storage or disposal, including solid, liquid, semisolid or contained gaseous

materials resulting from industrial, commercial, mining, community and agricultural activities. Waste does not include solid or dissolved materials in domestic sewage or irrigation return flows or solid or dissolved materials or industrial discharges which are point sources subject to permits under the State of Kansas. The Federal definition of solid waste is found at 40 C.F.R. 257.2.

FF. "Water quality standard" means the law or regulation that consists of the beneficial designated use or uses of a water body, the numeric and narrative water quality criteria that are necessary to protect the use or uses of that particular water body, and an antidegradation statement.

5-605 GENERAL PROHIBITION.

- A. No person shall release or cause to be released into the MS4, or into any surface water within the City, any discharge that is not composed entirely of stormwater that is free of pollutants, except as allowed in subsection B.
- B. Unless identified by the City or KDHE as a significant source of pollutants to surface water, the following non-stormwater discharges are deemed acceptable and not a violation of this section:
 - 1. water line flushing;
 - 2. diverted stream flow;
 - 3. rising groundwater;
 - 4. uncontaminated groundwater infiltration as defined under 40 C.F.R. 35.2005(20) to separate storm sewers;
 - 5. uncontaminated pumped groundwater;
 - 6. contaminated groundwater if authorized by KDHE and approved by the municipality;
 - 7. discharges from potable water sources;
 - 8. foundation drains;
 - 9. air conditioning condensate;
 - 10. irrigation waters;
 - 11. springs;
 - 12. water from crawl space pumps;
 - 13. footing drains;
 - 14. individual residential car washing;
 - 15. flows from riparian habitats and wetlands;
 - 16. dechlorinated swimming pool discharges excluding filter backwash;
 - 17. street wash waters (excluding street sweepings which have been removed from the street);

18. discharges or flows from emergency fire fighting activities;
 19. heat pump discharge waters (residential only);
 20. treated wastewater or other discharges meeting requirements of a NPDES permit; and
 21. other discharges determined not to be a significant source of pollutants to waters of the state, a public health hazard or a nuisance.
- C. Discharges specified in writing by the Director as being necessary to protect public health and safety.
- D. Notwithstanding the provisions of subsection B of this section, any discharge shall be prohibited by this section if the discharge in question has been determined by the Director to be a source of pollutants to the MS4 or to surface waters, written notice of such determination has been provided to the property owner or person responsible for such discharges, and the discharge has occurred more than ten days beyond such notice.

5-606 SPECIFIC PROHIBITIONS AND DUTIES.

The specific prohibitions and requirements in this section are not inclusive of all the discharges prohibited by the general prohibition in Section 5-605, but are provided to address specific discharges that are frequently found or are known to occur:

- A. No person shall release or allow to be released any of the following substances into the MS4:
1. Any new or used petroleum product or oil;
 2. Any industrial waste;
 3. Any hazardous substance or hazardous waste, including household hazardous waste;
 4. Any domestic sewage or septic tank waste, grease trap or grease interceptor waste, holding tank waste, or grit trap waste;
 5. Any garbage, rubbish or other waste;
 6. Any new or used paints, including latex-based paints, oil-based paints, stains, varnish, and primers, as well as cleaning solvents and other associated products;
 7. Any yard wastes which have been moved or gathered by a person;
 8. Any wastewater that contains soap, detergent, degreaser, solvent, or surfactant based cleaner from a commercial motor vehicle wash facility; from any vehicle washing, cleaning, or maintenance at any new or used motor vehicle dealership, rental agency, body shop, repair shop, or maintenance facility; or from any washing, cleaning, or maintenance of any business or commercial or public service vehicle, including a truck, bus or heavy equipment;

9. Any wastewater from a commercial mobile power washer or from the washing or other cleaning of a building exterior that contains soap, detergent, degreaser, solvent, or any surfactant based cleaner;
 10. Any wastewater from commercial floor, rug, or carpet cleaning;
 11. Any wastewater from the washdown or other cleaning of pavement that contains any soap, detergent solvent, degreaser, emulsifier, dispersant, or other cleaning substance; or any wastewater from the wash-down or other cleaning of any pavement where any spill, leak, or other release of oil, motor fuel, or other petroleum or hazardous substance has occurred, unless all such materials have been previously removed;
 12. Any effluent from a cooling tower, condenser, compressor, emissions scrubber, emission filter, or the blowdown from a boiler;
 13. Any ready-mixed concrete, mortar, ceramic, or asphalt base material or discharge resulting from the cleaning of vehicles or equipment containing or used in transporting or applying such material;
 14. Any runoff, washdown water or waste from any animal pen, kennel, fowl or livestock containment area or any pet wastes generally;
 15. Any filter backwash from a swimming pool or fountain, except that nothing in this ordinance shall be construed as to require the alteration of the filter discharge plumbing of an existing swimming pool, fountain or spa if such plumbing was compliant with applicable state, federal, and local regulations at the time of construction;
 16. Any swimming pool, fountain or spa water containing a harmful level of chlorine (> 0 parts per million), muriatic acid or other chemical used in the treatment or disinfection of the water or during cleaning of the facility;
 17. Any discharge from water line disinfection by super chlorination if it contains a harmful level of chlorine (>0 parts per million) at the point of entry into the MS4 or surface waters;
 18. Any substance or material that will damage, block, or clog the MS4;
 19. Any release from a petroleum storage tank (PST), or any leachate or runoff from soil contaminated by leaking PST; or any discharge of pumped, confined, or treated wastewater from the remediation of any such PST release, unless the discharge has received an NPDES permit from the state;
 20. Any other discharge that causes or contributes to causing the City to violate a state water quality standard, the City's NPDES stormwater permit, or any state-issued discharge permit for discharges from its MS4.
- B. No person shall introduce or cause to be introduced into the MS4 any harmful quantity of sediment, silt, earth, soil, or other material associated with clearing, grading, excavation or other construction activities in excess of what could be retained on site or captured by employing sediment and erosion control measures, except as allowed for in conformance with Article 7 of Chapter 5 of the City's Municipal Code.

- C. No person shall connect a line conveying sanitary sewage, domestic or industrial, to the MS4. No property owner shall allow such a connection to continue in use on their property.
- D. No person shall use pesticides, herbicides and fertilizers except in accordance with manufacturer recommendations. Pesticides, herbicides and fertilizers shall be stored, transported, and disposed of in a manner to prevent release to the MS4.
- E. No person shall tamper with, destroy, vandalize, or render inoperable any BMPs which have been installed for the purpose of eliminating or minimizing pollutant discharges, nor shall any person fail to install or fail to maintain properly any BMPs which have been required by the City or by other local, state, or federal jurisdictions.

5-607 Inspection and Detection Program

The Director is authorized to develop and implement a plan to actively detect and eliminate prohibited discharges and connections to the MS4 or surface waters within the City. Such plan may include, but is not limited to, periodic and random inspections of facilities and businesses, particularly those most associated with potentially prohibited discharges; visual surveys of exterior practices; inspection, sampling and analyses of discharges from outfalls of the MS4, particularly during dry weather periods; manhole and pipe inspections to trace discharges through the system to point of origin; education on pollution prevention; and receipt of complaints and information from the public regarding known or suspected discharges.

5-608 Release Reporting and Cleanup.

- A. Any person responsible for the release of any prohibited material that may flow, leach, enter, or otherwise be introduced into the MS4 or surface waters shall take all necessary steps to ensure the containment and cleanup of such release.
- B. In the event of such a release of hazardous materials said person shall immediately notify emergency response agencies of the occurrence via emergency dispatch services.
- C. In the event of a release of non-hazardous materials, said person shall notify the Director in person or by phone or facsimile no later than the next business day. Notifications in person or by phone shall be confirmed by written notice addressed and mailed to the Director within three business days of the phone notice.

5-609 Enforcement; Designation of Officer; Abatement; Right of Entry; Penalty.

The Director or his or her appointed representative shall be designated as the public officer charged with the administration and enforcement of this Act. The public officer shall authorize the investigation of violations of the Act. If it is determined that a violation of this Act exists, then the officer shall declare such condition a nuisance and is authorized to pursue abatement and enforcement procedures as specified in Section 5-509 of the Code or Section 9.5 of the Uniform Public Offense Code for Kansas Cities, prepared by the Kansas League of Municipalities, as incorporated by Section 10-101 of the Code.

5-610 Severability.

If any section, subsection, paragraph, sentence, clause or phrase in this Ordinance or any part thereof is held to be unconstitutional, invalid or ineffective by any court of competent jurisdiction, such decision shall no affect the validity or effectiveness of the remaining portions of this ordinance.

SECTION 4. A new Article 7 of Chapter 5 of the Municipal Code of the City is hereby added to read as follows:

**Chapter 5
Article 7
SEDIMENT AND EROSION CONTROL**

RESERVED

SECTION 5. Chapter 5, Article 8, of the Municipal Code of the City, entitled "Penalty," shall be moved and renumbered to become Chapter 5, Article 10, of the Municipal Code of the City, consisting of section 5-1001.

SECTION 6. This ordinance shall take effect and be in force from and after its passage, approval by the Mayor, and publication once in the official City newspaper.

PASSED by the City Council, and APPROVED by the Mayor, this 11th day of July, 2016.

Paula Schwach, Mayor

ATTEST:

Beth O'Bryan
City Clerk

APPROVED AS TO FORM:

James R. Orr
City Attorney
